

# Once Upon A Roar!

## Homework Activities Summer 1 2025

Create a dragon collage. What materials will you use? Write instructions on how to make your collage.

Design a castle using 2D shapes. How many different shapes can you use? How many sides and vertices does each shape have?

On a map of the United Kingdom, plot famous castles. Label them clearly. Can you find castles from all the countries in the UK?

Practise your times tables. We have been working on our twos, fives and tens. Once you've done these, you can work on your threes too.

Here are your homework activities for this half term. Choose one item each week to complete. Bring your homework book into school every Wednesday where it will be returned to you every Friday. Remember to read four or five times a week and practise your spellings too.

Can you find your family's coat of arms? Print out a photo or draw a picture. Write down the meaning of the different symbols and colours. If you can't find your family's coat of arms, you can make up your own one.

### Maths problem.

King Arthur sees an enemy army approaching his castle. There are horses and men. He can see 50 legs. How many horses and how many men? There is more than one possible answer. How many answers can you find?

Remember, if you have a great, creative idea, then feel free to complete your own homework activity related to the topic. You can do this one more than once!

Design a costume for a king or queen to wear to a ball. Label your design.

Use the internet to find flags that have either a dragon or castle on them. What countries are they from? What do they look like? Is there a story behind the dragon or castle on the flag?
