RACISM

These disgusting faces are ugly and horrible
So do not tell me
We have to see them just what they truly are
Should life have dealt a different hand
These people don't belong
They will not be here for long
They are not allowed
Nasty people that shall never feel proud
They are not
Welcome here
We should make them

Go back to their cold shadows from where they were when
They can not

Share our respect

Share our kindness

Share our life

Instead let us

Build up barriers to separate the different classes

It is not ok to say

These people are just human beings like us

Black people do not belong in a place they did not come from

Do not be so stupid to think that

Every race belongs

Climate Change

they don't belong here
we are killing them
they melting fast
bears are hanging fast
people cutting animals
live it to the people where we are
Share our earth life and country
Stop helping
this is our mess now ever make it should clean it up
we should help
So do not tell me
Should life dealt a different hand
don't be stupid

Football

CR7

They don't deserve the money
So do not tell me
Entertainment for the crowd
Should life have dealt a different hand
We need to realise how much they're getting paid
Bribe and lunge
Bad players and scoundrels
Dregate not welcome here
we should make them
Too rich for the ditch
They cannot
Share our kindness
Share our support
Share our love
It's not ok to say
Boo and coo to them
they are
Humans with a great choice
do not be stupid to think that
we should not care as they sit there

Homeless

They don't belong here
So do not tell me

These scruffy criminals could be you or me
Shouldn't have dealt a different hand

Dirty and Lazy

Hungry and crazy

Drugs in their pockets

Broken heart lockets

They are not
welcome here

We should make them

Hide back away in the shadows

They cannot

Share our homes

Share our food

Share our streets

Instead let us

Take these things to keep them away

It is not okay to say

We are all humans

The Streets belong to the people who live there

Do not be so stupid to think that

They are all strong fighters

HOMELESS

They do not belong there,
so do not tell me

any one can ask us the same

shouldn't have a different hand

Bad and scary

mean and nasty

They are not welcome here

We should make them

hide in the shadows on the street that they are

that can not

share our food

share our streets

share our homes

in street not us

Don't try to keep them out

they have been there for

respect them - respect should not make people unhappy

do not be afraid to think that

the people have a back story that you don't

climate change

we are killing the Earth
So do not tell me

Hot summers are coming one way
Could life have dealt a different hand
We need to worry about our future
It's tragic
And tragic

The weather patterns
Spoil our caverns

Leaving it to the animals where we are

Good people are not
Welcome here

We should make it
Carry on

The Earth cannot

Share our world

Save our life

Save our country

Instead let us

Stop helping

It is not ok to say

This is our mess

Who ever made it should clean it

Do not be so stupid to think that

It can be helped

Do not be so stupid to think that
this problem should be dealt with
not just ignored

Homeless

They are dirty beggars
So do not tell me
One day we could be like them
Should like have dealt a different
hand
They are dirty and poor
Flea ridden and worrying about
With their plastic bags
Carrying their bags
They are not
Welcome here
We should make them
Go to the dump where they belong
They cannot
Share our food
Share our water
Share our money
Instead we

Send them to prison for sleeping
on our street
It is not okay to say
we should repeat education
They're dirty and should
be given out
do not be so stupid to
think that
He'll be the poor on our
street

They're spoiling the lovely scenes
So do not tell me
These criminals could be you or me
Should life have dealt in a different hand
We should know who these people are
Illegal and ugly
Vandalising so smugly
With paints and sprays
Just dodging away
They are not
Welcome here
We should make them
do there mess somewhere else
They come
share our walls
share our air
share our scenes

Instead let us

take their cars to keep them out

It is not okay to say

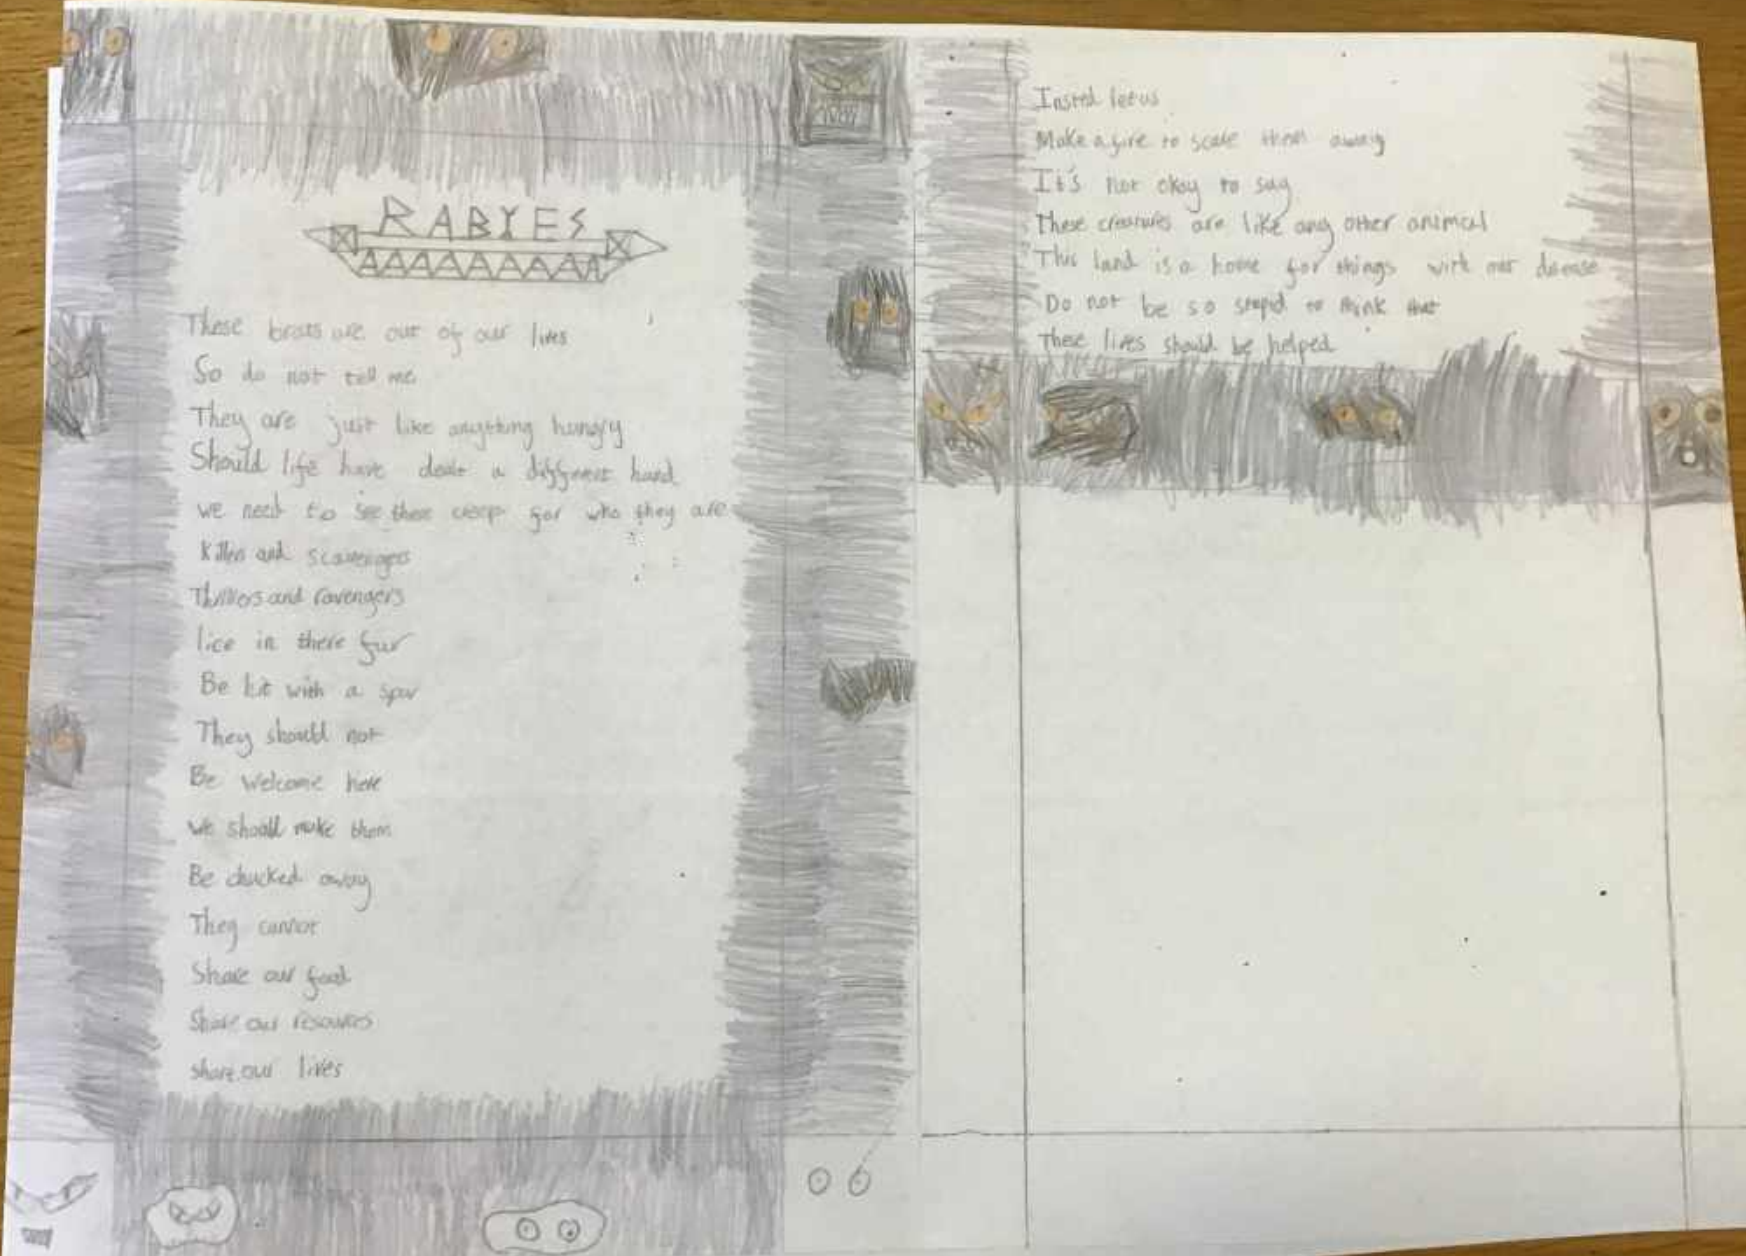

They are showing where to live

The walls should belong to who live there

They are just doing what they love

Upon a crowded train
His mistress takes
him from his box To ease
his fretful
