

National Curriculum

As Writers we will be writing a monologue linked to the Iron Man and letters based on the Katie Morag stories focusing on using powerful words to explain emotion. We will also be writing adverts for our DT project and explanations about magnets and springs, endeavouring to develop the 'how and why' in our non-fiction work.

As Mathematicians, we will be focusing formal methods in addition and subtraction and trying to understand the inverse of operations. We will continue to have a strong emphasis on multiplication and division. Please remember TTRockstars is a fabulous resource which encourages them to learn their tables fluently.

As Scientists we will be investigating all forces, specifically magnetism and springs. We will also be learning about the importance of eating healthily for our body's skeleton - so we can BOING!

In ICT we will be using the laptops to explore desktop publisher and programming using Scratch.

Autumn 2025

Homework and Website

The website will be updated regularly with photos and work with opportunities to extend your child's learning experiences.

There is a copy of the term's spellings and details of the homework projects that the children will need to complete during this topic.

This term's value is FRIENDSHIP (happiness, cooperation and forgiveness).

Please chat or email us

National Curriculum

As Geographers we will be studying the 8 points on a compass and thinking about what the magnetic North means. We will also be developing our map reading skills.

As Artists we will be looking at Picasso and his work on portraits, we plan to link this with a more modern approach to explore how mechanical objects can be incorporated into art.

In DT, we will be testing, designing and making a variety of healthy snacks. (If you can help in us with the food preparation then please email us).

As actors we will be exploring character and adventures.

As Musicians we will be learning both wind and strung instruments throughout the year.

In PE until half term, we will be doing tag rugby on Tuesday and improving our agility and balance on a Friday. After half term we'll be doing hockey on a Tuesday and swimming on a Friday.

In RE we will be looking at the question 'what is it like for someone to follow God?' and exploring some of the different creation stories.
