

Spring Term Homework Ideas.

Each week choose a different challenge. The choice is yours! Complete it and bring any evidence in to share with the class on a Monday. Your homework book must be brought into school every Monday, with details of the project you completed that week. It will be marked and returned weekly. Be creative and enjoy yourself.

Write a play script of the adventures a cave child might get up to. If you want to film yourself acting it out, send us a copy to share with the class.	Create a table of some of the items in your house made out of stone/ rock. Record which room you would find them and why it is important they are made out of stone/rock.	Design an art creation using natural materials. Take a photo of it for your homework book. Or email it in.
Draw a cartoon story map based on the adventures of a cave child.	Choose three types of rock/ stone. Describe what they are used for and why they are especially suited to the purpose. Create a poster.	Write a set of instructions to wash one of your pets/toys! Think about your presentation.
Use a dice, roll two 3-digit numbers. Using the column addition and the column subtraction methods we have learnt in class, carry out the calculations. Record them correctly in your book.	Make up your own homework - as long as it is to do with the topic ... be creative!	Find out about fossils. Can you put your information onto a PowerPoint and share it with the class? Send it to me lyndershomework@gorsleygoffs.he.reford.sch.uk
